SIMPLE FRAME BASKETS

Tutor: Richard Kerwood

The course assumes the student is a beginner and starts with a Health and Safety briefing and an explanation of the tools and how to use them. The rim ring is fitted inside the handle ring at right angles to it and then the student is shown how tie the rings at both ends with willow. The basket is made by weaving from both ends to the middle of the basket. At some point the art of ring making is demonstrated and the students given the opportunity to make a set of rings for their next basket. All tools and materials are provided.

PLANT SUPPORTS AND EDGING HURDLES

Tutor: Richard Kerwood

The course assumes the student is a beginner and starts with a Health and Safety briefing and an explanation of the tools and how to use them. In the morning we will aim to make a 4 to 6ft tall wigwam plant support with 12 uprights. In the afternoon students can choose to repeat the wigwam plant support or to make a cylindrical grow through plant support using similar techniques, but with the added skill of a 3 rod border to finish the top of the structure. Students can also choose to make edging hurdles instead of plant supports. All tools and materials are provided.

ADDITIONAL INFO. (What to bring/costs on the day)
Apron, kneeling pads. Materials £7, payable on the day.
